BERTULLE, Mich., April 12, 1889.

Messra, Foster Milburn & Co. Dear Sirs. — I write that you may know the good I have received from the BURDOCK BLOOD BITTERS. I am now on the ninth bottle of your wonderful Bitters, and must confess I have received prompt cure of a long standing disease -SCROFULA. I have used dollar after dollars' worth of medicines and received no reflet, but the third bottle of B. B. B. I found great rest. I have also used three bottles of Burdock Pills; they are the best medicine I ever took. I cannot praise them too highly. I do owe my whole life to them and can recommend them to every living soul that is afflicted with that dreadful disease, SCROF. ULA. I was afflicted with lumps as large as an egg in my right side and large himps on my throat, and my limbs were covered with a burning and itching rash, which very greatly atmoyed me when near the warm stove. I had spent a great deal of money trying to get relief, and consulted the best medical treatment in the State, but all in vain, they did me no good whatever, and I had about given up when I thought I would try your medicines, and, thank God, they have cured me. I am a well woman to-day. Your ever true friend and well wisher, MRS. CHAS. HUTTON.
